

# WHY BARCELONA?

## SAVINGS IN DISTANCE, CO2 EMISSIONS AND TIME

Shanghai – Europe & Mediterranean through Port of Barcelona or a Benelux Port

Shorter maritime route: -3.434 km

Better transit time: up to 5 days

Less fuel consumption and CO2 emissions (-16%)

Excellent maritime weather

Savings in CO2 emissions even the farther European destinations

Savings through Port of Barcelona in comparison with Benelux port

Total CO2  
KgCO2eq/TEU

Distance  
Km

Time  
Day

Calculations made with the Port of Barcelona Ecocalculator.

Hypothesis :

7,000TEU Container vessel

Land transport by truck: EUROV of 2TEU

From Shanghai

- 3.434 km  
through Barcelona
